‘Delivering high quality design
through high end documentation’

Page DisplayOverview

Before you get started on this document its best to note that it is designed to be printed at A3 and viewed as a double spread. what this meas essentially is its a magazine format.

The following are a culmination of works by the staff of trinity+one for a variety of architectural practises over a period of 15 years.

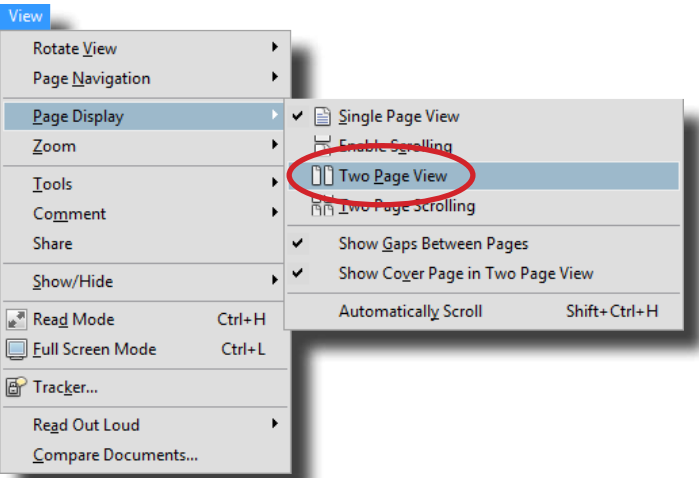

Some of the works were carried out as part of large teams and some soley by trinity+one staff. The work does however reflect the capacity and high skill level of trinity+one staff in both producing managing and executing architectural documentation.

Its important to recognise that the works are owned and copyright to the respective architectural practise.

For any clarification in regards to the projects, please feel free to contact us.

So if your reading this on your screen in .pdf format you may want to click the following setting to make viewing that little bit better.

- includes works for:
- John Wardle Architects

Services

trinity+one offers a full range of architectural design and documentation services to other architects and consultants.

Because trinity+one specialise in delivering high end advance design solutions, we are positioned to offer these skills and services to other practices who have the projects and want to upgrade their designs. We can help to collaborate on the project design or provide documentation services for all project stages.

All of our Documentation are produced locally, we do not outsource our work internationally, this way we can maintain a high standard of quality.

Services

Architectural Documentation

- In-house and Outsourced options
- Complete Project Documentation
- Partial (Package Documentation)

Consultancy

- Design / Documentation Managment
- Architectural Documentation Review
- Detail Review and Assistance
- BIM Consultancy

derek kinsella

BSc(Eng), Dip Eng, Civ Eng Tech, RBP

principal
structural & civil

Derek Kinsella is a Director with experience in the design of offices, commercial, residential, institutional and leisure projects requiring a familiarity with a broad range of construction methods and materials. The projects he has led include both new-build and refurbishment.

Derek twice won the G&T Crampton centenary award for the engineer most likely to make a significant contribution to the Irish Construction Industry.

He has spent time working in both the Dublin and Limerick offices of Arup prior to transferring to the Arup Melbourne office in 2000. He has also worked with Beca in Melbourne before joining the Robert Bird group in 2006.

Derek established Simple by DESIGN in 2006 and left the Robert Bird Group in 2008 to focus on growing this business.

His skills include all aspects of design of structures using either manual or computer aided methods. Derek has worked closely with the Facades group within Arup on several projects and has a keen interest in lightweight structures. He has excellent familiarity with the use of computer aided drafting. He was trained as a quality auditor at both Arup and Beca

ruairi molloy

b(a) dip ma architecture

principal
architectural documentation

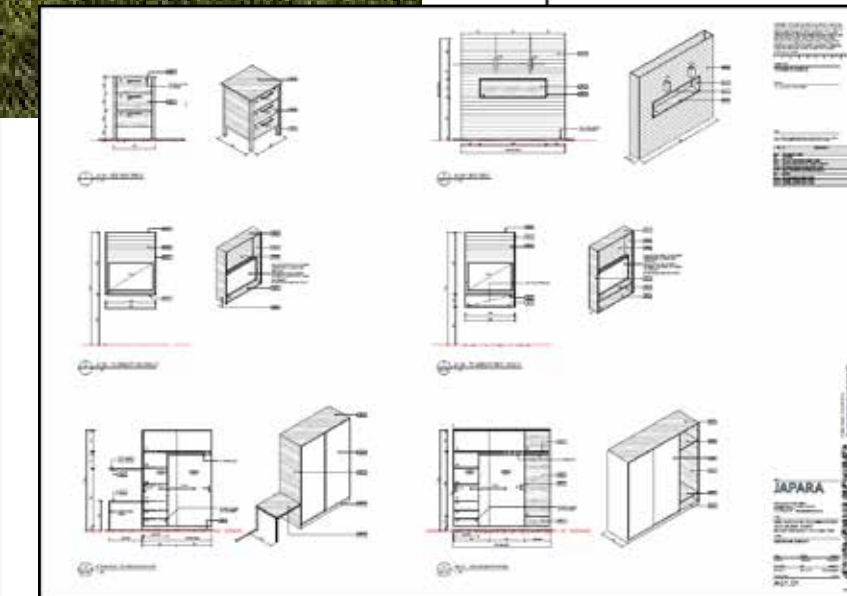

After studying and working in the uk ruairi moved to Australia in 2006.

Ruairi's approach involves high quality, syntax based design produced via a process of innovative solutions and creative collaboration.

Specialising (with a masters) in advanced digital design systems, he has worked for a number of high profiled australian practices, leading both design and documentation roles.

In a previous life he trained as an architectural documenter, this coupled with his experience on site gave him the skills and experience to deliver and manage projects later in his career.
