‘Delivering high quality design
through high end documentation’

Page DisplayOverview

Before you get started on this document its best to note that it is designed to be printed at A3 and viewed as a double spread. what this meas essentially is its a magazine format.

The following are a culmination of works by the staff of trinity+one for a variety of architectural practises over a period of 15 years.

Some of the works were carried out as part of large teams and some soley by trinity+one staff. The work does however reflect the capacity and high skill level of trinity+one staff in both producing managing and executing architectural documentation.

Its important to recognise that the works are owned and copyright to the respective architectural practise.

For any clarification in regards to the projects, please feel free to contact us.

derek kinsella

BSc(Eng), Dip Eng, Civ Eng Tech, RBP

**principal
structural & civil**

Derek Kinsella is a Director with experience in the design of offices, commercial, residential, institutional and leisure projects requiring a familiarity with a broad range of construction methods and materials. The projects he has led include both new-build and refurbishment.

Derek twice won the G&T Crampton centenary award for the engineer most likely to make a significant contribution to the Irish Construction Industry.

He has spent time working in both the Dublin and Limerick offices of Arup prior to transferring to the Arup Melbourne office in 2000. He has also worked with Beca in Melbourne before joining the Robert Bird group in 2006.

Derek established Simple by DESIGN in 2006 and left the Robert Bird Group in 2008 to focus on growing this business.

His skills include all aspects of design of structures using either manual or computer aided methods. Derek has worked closely with the Facades group within Arup on several projects and has a keen interest in lightweight structures. He has excellent familiarity with the use of computer aided drafting. He was trained as a quality auditor at both Arup and Beca

ruairi molloy

b(a) dip ma architecture

**principal
architectural documentation**

After studying and working in the uk ruairi moved to Australia in 2006.

Ruairi's approach involves high quality, syntax based design produced via a process of innovative solutions and creative collaboration.

Specialising (with a masters) in advanced digital design systems, he has worked for a number of high profiled australian practices, leading both design and documentation roles.

In a previous life he trained as an architectural documenter, this coupled with his experience on site gave him the skills and experience to deliver and manage projects later in his career.
